

CASSARI GROUP
NEW VISION OLD VALUES

Thinking of building
or renovating?
Think Cassari...

Specialising in:

- House design & consultation
- New home construction
- Renovations & additions
- Demolish & rebuild

CASSARI GROUP

Cassari Group is a family run business operated by Brother-in-laws Lorenzo Cassiani and Daniel Chiari. With over 30 years combined experience in the commercial construction sector, the directors saw a growing need in the residential market for a builder that will provide excellent customer satisfaction, combined with a commitment to quality.

NOT YOUR STANDARD BUILDER

With many years of commercial experience the directors of Cassari Group are thrilled with the challenge of a difficult project, and will work closely with their clients to ensure a high level of customer satisfaction.

Hearing many stories from clients being left unsatisfied by their chosen home builder and understanding that an investment into the construction of a home is the single largest personal investment a person will make, the directors of Cassari Group take a different approach to residential building.

At Cassari Group we take a lot of pride from the homes we build and we want our clients to be just as proud of the finished product as we are to build it.

Whether your project is a new home build, or a renovation/addition to your current home, Cassari Group has the capability and experience to deliver your project to a high standard.

“Builders of high quality custom homes”

Our Vision: our family run company focuses on what is important; relationships.

We believe that a successful home construction project is about 2 things, superior customer service and quality workmanship. We start every building project as a partnership between ourselves and our client. Every home we build is treated as if it were our own. We take a lot of pride in what we do and that translates to a home that you can be proud of.

We work closely with our clients to ensure that what they desire is built to a high standard. From large complex homes to smaller designs, we work with you to fit your budget and ensure that you are fully satisfied with the result.

We also build homes that are adopting innovative energy saving and sustainable living ideas to make your new home cheaper to run and more comfortable to live in.

No project is too small and no project is too large. We can handle even the most complex of home designs.

OUR VALUES

-  **Quality workmanship**
-  **Fair pricing**
-  **Superior face to face customer service**
-  **Timely construction**
-  **100% commitment**
