

STORMFLOWER VINEYARD WINES

Stormflower is a small wine producer with less than 10ha of vines. All our wines are made only with fruit from our Wilyabrup vineyard. While we are committed to making wines that are among the best in the region, our focus is very much to produce wine that is a unique expression of the site and not necessarily the regional style. Our wines are intended to drink well on release and be geared mainly around food, so structure and texture is critical.

2009 DRY RED

Our first wine (now sadly almost gone), is a blend of 80% Cabernet Sauvignon and 20% Shiraz. The wine is rich and complex with wonderful black fruit while the palate is dry and earthy with fine tannins.

2010 DRY RED

An equal blend of Cabernet Sauvignon and Shiraz has created a rich medium bodied wine with lots of spice characters.

2011 DRY RED

A blend of 60% Cabernet Sauvignon and 40% Shiraz, this wine is lighter in style and is sophisticated and complex with balanced tannins and oak and a dry finish. While drinking well now it will develop further with age.

2011 SHIRAZ

A full bodied wine with aromas of light spice, white pepper and juicy plum. The palate is full and textured with soft tannins.

2011 WHITE

This is a complex and delicate white wine with a crisp, dry finish. All of our white varieties were blended to make this excellent food wine.

The Chardonnay and Semillon provide texture, richness and complexity while the Sauvignon Blanc and Chenin provide lifted aromatics and herbaceous characters.

2013 SAUVIGNON BLANC SEMILLON

A bright, fresh and vibrant wine with citrus and tropical fruit aromas. The palate is full of flavour with good fruit weight and acidity.

2011 CHARDONNAY

An elegant wine with stone fruit and sweet new oak aromas, complemented by a rich and creamy mouth feel. It has nice mineral characters with light grapefruit and roasted nut influences and the finish has good natural acidity and length.

2012 CHARDONNAY

More restrained at this stage than the 2011, this wine shows the same characteristics and will grow in complexity over the next few years.

2013 BOTRYTIS CHENIN BLANC

This light bodied dessert wine has a beautiful bouquet, with hints of botrytis, gentle palate weight and a clean crisp finish.
